**DEVELOPMENTAL  
DISABILITIES**

we support people to live  
full, meaningful lives

3,350 people with developmental disabilities  
receive services and support in Butler County

### services for children

We provide in-home support and coaching to families with children under 3 years old.

### support coordination

We arrange for support for people 3 years old and up. Service plans are developed with individuals and families to design supports provided through partner agencies.

### services for adults

Provider agencies offer programs to adults that promote learning and skill development and offer community outings. Provider agencies also offer job training and development so people can find work in the community.

### community inclusion

Our staff and provider agencies support people so they can participate in all aspects of community life and advocate and speak up for themselves.

### quality assurance

We investigate health and safety issues plus we monitor and offer support to provider agencies.

**All services for people with developmental  
disabilities are paid for by local tax dollars,  
and state and federal funds.**
